TOP SECRET

28 June 1966

DD/S&T Briefing of DD/S from 1400-1630

1. Background and Introduction   Wheelon   1400-1420

Steady increase of scientific and technical impact on National

Security of all nations

Important for evaluation of foreign development

All presents remarkable opportunities for collecting intelligence,

processing it, communicating it, and safeguarding it.

PFIAB recommended to DCI that CIA take vigorous lead in

exploiting this.
